DESCRIPTION:

Jaykal Linear LED Lamps are engineered to replace existing fluorescent lamps. They are a direct physical replacement for existing lamps, and utilize the existing fixture hardware for installation. Simply remove the existing fluorescent ballast for our internally driven lamps or replace the ballast with the external driver when selecting the external driver option.

Installation by a certified electrician is labor efficient and safe, and with a rated lifetime of 50,000 hours, you can expect year after year of savings.

FEATURES & BENEFITS:
